

**Privacy Policy-(updated 16/09/2022, based on the new cookie-free tracking method).**

Visitor Analytics is a simple website analytics service that measures traffic on our website and collects general information from our website visitors. We create statistics to improve the experience of our website visitors. **We never use cookies for this purpose.**

As a website operator using Visitor Analytics to conduct reach measurement, depending on the level of data protection we have activated, we may process information about the device you are using and its characteristics, information about technical characteristics of the website visit, the number of page visits and statistically relevant behavior of our website visitors. The technology does not use the collected data to identify individual visitors or to match the data with additional information about an individual user.

Depending on the location from which you access our website, Visitor Analytics may not collect any information about the device you are using due to our technical settings.
